

Latest Kansas Events.

Made the Governor Blush.

This story came from St. Louis the day following world's fair dedication: W. J. Bailey, the bachelor governor of Kansas, was in the parade with his staff, headed by Maj. Gen. J. W. F. Hughes. The governor, on a spirited black charger, made a fine appearance and came in for considerable attention all along the route. The governor and members of his brilliantly-uniformed staff frequently heard the query: "Have you found a wife, yet, governor?" At one point in Forest park the governor was attacked by a group of pretty girls, and members of his staff affirm that he blushed deeply as he smiled and raised his hat to the query: "Say, governor, why don't you come to Missouri?" which the girls shouted in unison.

Lights Suddenly Went Out.

At the moment when dinner for the Roosevelt party at the Kansas executive mansion was announced Friday night, the electric lights suddenly and without apparent cause went out. All over town the current was perfect and the dwellings and streets round about were ablaze with electricity, but the executive mansion was in absolute darkness. The servants, and all the household, even the governor himself, scurried about to find the cause, but still the house was in gloom. Finally an order was telephoned for a supply of candles, and two boxes were dispatched to the mansion. Before they arrived, however, the lights came back as suddenly as they had gone out.

State Normal School Regents.

The board of regents of the state normal school met at Emporia and elected the following officers: E. N. Ross, Burr Oak, president; George F. Coddling, Louisville, vice president; S. H. Dodge, Beloit, treasurer; L. B. Kellogg, secretary. They increased the salary of Mr. Pickens, the president of the Hays City branch of the normal and appointed P. S. Russ as superintendent of the Pittsburg branch.

New Charge Against Cummins.

John Cummins, the Sumner county farmer charged with the wanton murder of his 13-year-old servant girl, was bound over for a second trial in the sum of \$5,000. The county attorney filed a new information which broadens the charge so as to make Cummins responsible for the child's death through willful neglect in failing to call in a physician.

Baker Wants to Succeed Hook.

Lucien Baker, ex-United States senator from Kansas, will be a candidate for United States district judge in the event that Judge W. C. Hook is elevated to the position on the circuit bench, now occupied by Judge Caldwell. Baker and Hook were law partners at Leavenworth prior to the latter's elevation to the bench.

The Deadly Wire Fence.

A recent thunderstorm near Dighton was the cause of many cattle being killed by lightning. Driven by the storm against the fences, numbers of the animals were killed by a single stroke. In one pasture 12 miles south of Dighton 26 cattle lay in a heap as a result of a single bolt of lightning.

Tri-City Interurban Line.

The Cherryvale city council has been invited by the city councils of Independence and Coffeyville to co-operate in the matter of franchises for an inter-urban railway to connect the three cities.

Quickly Separated From \$100.

A Wabunsee county farmer went to Alma, mortgaged his team for \$100, and in very short order lost it all on a roulette wheel.

Regents Are Wondering.

As a result of the legislature abolishing the office of treasurer at the state educational institutions, the state agricultural college at Manhattan may be prevented from receiving \$40,000 which the national government annually contributes to its support. An act of congress provides that \$25,000 for the support of the college shall be paid annually to the state treasurer and by him to the treasurer of the college, and that \$15,000 shall be paid direct to the treasurer of the college for the support of the agricultural experiment station. The last legislature abolished the office of treasurer at the college and now the regents of the institution are wondering how they are going to be able to get hold of the money.

Policy-Holders to Decide.

The affairs of the Kansas Mutual Insurance company probably will be wound up by the receivers before July 1. The trustees have announced that they will receive bids for the insurance of the company, which amounts to \$11,500,000, up to May 15 and that on June 1 a meeting of the policy-holders of the company will be called in Topeka to decide what shall be done with the assets of the company.

Fell Into a Dry Well.

While returning to their hotel "across lots" in Minneapolis the other night, Dr. Strickland, of Calver, and George Johndrow, of Vine Creek, fell to the bottom of an uncovered 60-foot dry well. It took almost an hour to rescue the men from the well. Dr. Strickland was unconscious for six hours. Johndrow was not so seriously hurt.

To Invest in Bonds.

While Kansas bonds now meet with ready sale, it is believed that the law passed by the legislature at its recent session, authorizing insurance companies, other than those doing a life insurance business, to invest their surplus funds in city and school district bonds of the state will greatly improve the market for these securities.

Record Month for Frost.

In his monthly report of the weather for April Dr. F. H. Snow, of the University of Kansas, says: Of the 35 preceding Aprils of our record 17 have been colder and 18 warmer than the month just closed. This month, however, broke the record for the occurrence of snow and black frost, both of which appeared on April 30.

Widow of Brown's First Settler.

Mrs. Parmelia Wilson, recently dead at Robinson, was the widow of J. L. Nelson, the first white settler of Brown county.

Mrs. Tupman, a prominent lady of Richmond, Va., a great sufferer with woman's troubles, tells how she was cured.

"For some years I suffered with backache, severe bearing-down pains, leucorrhoea, and falling of the womb. I tried many remedies, but nothing gave any positive relief.

"I commenced taking Lydia E. Pinkham's Vegetable Compound in June, 1901. When I had taken the first half bottle, I felt a vast improvement, and have now taken ten bottles with the result that I feel like a new woman. When I commenced taking the Vegetable Compound I felt all worn out and was fast approaching complete nervous collapse. I weighed only 98 pounds. Now I weigh 109½ pounds and am improving every day. I gladly testify to the benefits received."—Mrs. R. C. TUPMAN, 423 West 30th St., Richmond, Va.—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

When a medicine has been successful in more than a million cases, is it justice to yourself to say, without trying it, "I do not believe it would help me?"

Surely you cannot wish to remain weak and sick.

Mrs. Pinkham, whose address is Lynn, Mass., will answer cheerfully and without cost all letters addressed to her by sick women. Perhaps she has just the knowledge that will help your case—try her to-day—it costs nothing.

HIS TIME WAS NOT UP.

And Father Made Him Take Off His Good Clothes and Work Another Half Day.

A man of a mercenary spirit had several sons, one of whom was on the eve of his twenty-first birthday. The father had always been a strict disciplinarian, keeping his boys well under parental charge, allowing them few liberties and making them work hard, relates Youth's Companion.

It was with a feeling of considerable satisfaction that the young man rose on the morning of his birthday and began to collect his personal belongings preparatory to starting out in the world.

The father, seeing his son packing his trunk, which he rightly judged to be evidence of the early loss of a good farmhand, stopped at the door of the young man's room and asked what he was going to do.

The boy very promptly reminded his father of the day of the month and the year, and declared his intention of striking out in the world on his own account.

"Not much you won't," shouted the old man, "at least not for awhile yet. You wasn't born until after 12 o'clock, so you can just take off them good clothes and fix to give me another half-day's work down in the potato patch."

Uncle Reuben says: Memory was given to humanity that it might look back and think of all the good things we have done for the world, and how little the world has done for us in return.—Detroit Free Press.

LOOK in YOUR MIRROR

What would you give to be rid of those pimples and blackheads, that sallow complexion, those lustreless eyes? No doubt you would give 50 cents to be cured of constipation, liver troubles, indigestion and dyspepsia. Get rid of these troubles and your complexion will clear up like an April day after a shower. Take

Dr. Caldwell's Syrup Pepsin

Mrs. Mary O. Hahn, No. 3033 Michigan Ave., Chicago, Ill., writes: "For two years I have been troubled with biliousness caused by inactivity of the liver. I had dizzy spells at times, pains across my back and a tired, heavy feeling, with loss of appetite and nervousness. Our family physician prescribed some liver tablets which certainly did not help me in the least. I took Apollinaris and other mineral waters, but my complexion became more yellow and my general health worse. Reading one of your little booklets, I decided to give Dr. Caldwell's Syrup Pepsin a trial and am so glad I did. One bottle did more for me than ten dollars' worth of other remedies. I knew at once I had the right remedy. I kept taking it for several weeks, when I considered myself completely cured. My skin is white and smooth as a baby's and I feel in excellent health and spirits, thanks to your remedy."
